Pharmacy students must join APhA through the APhA-ASP chapter at their school/college.

APhA Advocacy — Working For You, Your Patients, and The Profession!

APhA membership provides you with an incredible package of professional and career-related resources. Although this sounds great, there's much more going on at APhA. Your membership dues support APhA advocacy efforts on behalf of the profession. Recent APhA advocacy priorities include:

- **A Medicare pharmacy benefit that benefits seniors and recognizes the profession's role**
- **Payment for services, including recognition of pharmacists as providers under Medicare**
- **The pharmacist shortage**
- **Privacy standards that work in the "real world"**
- **Standardized Prescription Drug Benefit Cards**
- **Medication Error Prevention**
- **Improving Pharmacists' Work Environment**

Medicare Reform and a Medicare Pharmacy Benefit that recognizes pharmacists as valuable members of the healthcare team and drug therapy experts are top priorities at APhA. To find out the latest news regarding APhA's advocacy efforts, log onto the APhA web site, www.aphanet.org, and click "Government Affairs". To receive the bi-weekly *APhA Legislative and Regulatory Update* send an e-mail to gvtaff@aphanet.org.

Your dues also help APhA educate consumers about the important role pharmacists play in today's healthcare system. APhA efforts facilitated placement of reports on pharmacist drug therapy management on C-SPAN's Washington Journal, CNN Headline News, Wall Street Journal, Redbook Magazine, New York Times, ABC Radio, Los Angeles Times, Washington Post, Smart Money Magazine, and Prevention Magazine. These media outlets provided millions of consumers with specific, substantive examples of pharmacists providing patient care services.
